RESPONSE TO OFFICE ACTION AND AMENDMENTS TO CLAIMS

This response acknowledges receipt of the Office Action dated 29 August 2007 (mail date 4 September 2007) in which Examiner Robinson responded to the Applicant's Appeal Brief filed 29 May 2007. In the Office Action, the Examiner reversed the second rejection in his 29 November 2006 Office Action, and re-opened prosecution of this case.

In accordance with the Examiner's arguments and the 20 September 2007 patent office interview, the Applicant requests that the Examiner cancel claims 24-43 and enter new claims 44-79. The newly proposed claims are based on suggested claims discussed in the patent office interview on 20 September 2007. The rationale for the amendments to the claims and response to the Examiner's points are presented herein.
